The Beemer Piano

is not the type of Canadian Piano you are familiar with; it is a distinctive piano standing by itself with its own characteristic tone, action and appearance.

The Beemer Piano is made for musicians who appreciate what a piano ought to be. The **Beemer** Piano possesses that absolutely pure "woody" tone characteristic of the finest European Pianos, and is built in Canada on the most scientific principles, of acclimatized materials, and on the strong frames necessary to withstand the extreme climatic changes of this country.

If you are interested in pianos you owe it to yourself to hear and see these superb instruments which, although on the market but a very short time, are already proclaimed by Canada's leading musicians as "the finest Upright Pianos ever produced in Canada."

JOINT DEPOSIT ACCOUNTS

Two or more persons may open a joint account with this Corporation, and either may deposit or withdraw money. This is a most convenient arrangement for husband and wife (especially if the former has sometimes to be away from home), mother and daughter, two or more executors or trustees, or any persons who may be associated in an investment or business of any kind. and ask yourself if a Matured Endowment of $5,000 or $10,000 would be worth a moderate annual investment now of a few dollars in the Canada Life.

Such a method of saving is unequalled and or security it is unsurpassed. At maturity of your Canada Life Policy, say at age 55, 60 or 65, the $5,000 or $10,000, together with accumulated profits, will be paid to you in one sum or in instalments. Gourlay Pianos

like rare old violins possess a tone that improves with use.

Why does a Stradivarius occupy such an exalted place among violins, when others may be bought for so much less.

Because of its purity of tone.

So, also, it is the purity of tone in Gourlay Pianos that has won for them such an exalted place in the esteem of Canadian musicians and music-lovers.

Over 4000 Gourlay owners are ready to testify that the tone improves with use.
